The Company

Búfalo Indústria de Produtos Químicos Ltda. was founded in 03/15/1984.

As of 1990, Búfalo started the process of expanding its facilities, released new Products and has been constantly increasing its figures in the Domestic Market. This continuous growth is due to the fact that Búfalo combines the high Quality of its Products with a highly competitive price, bringing to Consumers the certainty that they are purchasing with economy and taking home Products of Superior Quality. Búfalo is breaking Sales Records every month, thanks to the investments in Continuous Improvement and the high Quality of its Products.

Búfalo is a brand already consolidated in the Domestic Market and grows in the International Market, taking More Cleaning Power (Better Clean) to other countries as well, like Cuba, Mozambique, Angola and Curaçau (Dutch Antilles).
