

Introducing FRESH: TrenditD Detergents Redefines Cleanliness with Innovative Solutions

Story by TrenditD Holdings

FRESH Homecare Range

[Johannesburg] - TrenditD Holdings Pty Ltd (Trading as TrenditD Detergents) is proud to unveil its latest line of cleaning products under the brand name FRESH. Previously catering to household and industrial needs, we have expanded our product portfolio to include laundry care solutions i.e. Laundry Liquid Detergent for washing machines, Fabric Softener and Laundry Stain Remover. FRESH represents our brand's commitment to providing effective, innovative, and environmentally friendly household detergent solutions that create a clean, refreshing, and healthy living environment for our customers.

TrenditD Detergents understands the importance of cleanliness in everyday life. With FRESH, customers can expect effective solutions that are gentle on surfaces and fabrics, yet tough on stains and dirt. From household chores to industrial applications, FRESH products deliver unmatched performance without compromising on quality.

In line with its dedication to sustainability, TrenditD Detergents ensures that all FRESH products are formulated using eco-friendly ingredients and packaging materials. This commitment reflects the company's vision of promoting a cleaner, greener future for all.
